### What you can expect when attending worship:

- The online YouTube service option will continue. The 8:45 service will be livestreamed weekly and once it is completed it can be viewed at any time. For the 11:00 service to be livestreamed we will need volunteers to step up, be trained and be available weekly.
- **Both 8:45 & 11:00 services have resumed for in-person worship with adjusted seating.**
- There will NOT be Wee Worship or Nursery during this early phase.
- There will be one entrance into the sanctuary, via the front of the church/narthex where screenings will take place outside (in the porch/portico area), before entering the building. Should anyone register a temperature of 100.4 or higher they will be asked to refrain from attending and encouraged to watch from home and to take care of themselves.
- People will exit via side doors near the chancel area, which will allow for one-way flow of traffic.
- There will NOT be printed bulletins, as we cannot pass out items, however the 11:00 order of service can be accessed via the church website at [www.coldspringsumc.org](http://www.coldspringsumc.org) and you can view it on your device during the service or print it out at home and bring it with you.
- If you feel most comfortable wearing a mask please bring one with you. Should you forget we will have extra masks in the narthex upon entering the building. We know some will feel most comfortable wearing a mask while others will not.
- Hand sanitizer will also be in the narthex for people to use, but you may feel more comfortable bringing your own small travel bottle of sanitizer.
- There will NOT be passing of the offering plates. Instead, an offering plate will be sitting on a stand just inside the sanctuary entry doors and people can drop an offering in that plate as they enter. If they prefer to drop an offering into the plate as they exit, plates will be on a stand near each exit door.
- Every other pew will be roped/marked off so people can be appropriately spaced. (We apologize in advance if “your pew” happens to be one that is closed off.)
- People will need to be spaced out according to the CDC guidelines of six feet, however immediate family members may sit closer together like normal.
- In an attempt to keep the building as free of germs as possible the mailboxes will be covered and not in use...again, we cannot pass out paper items which would include mail or pieces of paper.
- We also ask that people not roam into all areas of the building, but rather enter in the front/narthex, stay in the sanctuary for worship, and then exit via the side doors near the chancel area. Restroom use is to be used on a minimum basis.
- Should anyone have a fever or not feel well please refrain from attending.
- Should you have a compromised immune system or have other health conditions that make you more prone to illness please refrain from attending.
- Should you feel uncomfortable being around people because of the potential of getting ill please refrain from attending.
